Peru: the Foundation participated in the “Vida al Aire Libre” training course in Iquitos and held an institutional presentation in Lima to support the upcoming Scout Festival in collaboration with Scouts of Peru. Preparations also began for a donor reception to formally launch the Order of the Condor – Peru Chapter.

Panama: the Foundation visited the Interamerican Scout Office at the City of Knowledge to reinforce strategic alignment. Meetings focused on financial operations, joint communications, and regional event coordination. This mission helped to streamline internal processes and strengthen collaboration with the Regional Office, laying the foundation for more integrated work in the months ahead.

United States: the Foundation undertook a strategic mission to Florida to strengthen its presence. For the first time, the IASF participated in a youth community fair in Doral. The team also met with community and business leaders to explore potential collaborations and build momentum for future fundraising initiatives. Planning began for a year-end fundraising dinner, which included visits to potential venues and initial support from local partners. These initiatives laid the groundwork for expanding our support network in North America and increasing institutional recognition.

JamCam 2025

The Foundation has confirmed its active participation in JamCam 2025, one of the key Scouting events of the year in the Interamerican Region. As part of its participation strategy, IASF will host an institutional booth at the Development Village, providing a dedicated space for visibility, donor recognition, and networking. Plans also include the sale of official Foundation merchandise, produced locally in collaboration with Scouts of Colombia, and the installation of a Food House as an additional visibility and fundraising initiative.

In preparation for this event, the Executive Director participated in the official visit to Colombia, collaborating with local organizers and regional partners to coordinate logistics, assess facilities, and coordinate efforts. These actions will ensure a strong and significant presence, allowing the Foundation to connect directly with thousands of Scouts and leaders throughout the region.

We are proud to launch a new edition of the ScoutIAR Heroes Campaign, our most important fundraising effort of the year.

This initiative supports youth-led projects across the Interamerican Region that are creating positive change in their communities.

With your support, we can reach more young Scouts, fund more local actions, and continue building a better world through Scouting.
